

LAURA AND ZOE FOR ENTS REPS!

OUR IDEAS

- We will work with ents reps from other colleges to organise film nights, music nights and bops both in Newnham and at nearby colleges
- We will collaborate on a variety of events with college charity reps
- We plan to send a weekly e-mail bulletin about events in college, around the university and to let you know about any upcoming drinks deals around the city
- We will organise week 5 stress-relieving events, such as pampering evenings and girlie film and chocolate nights
- Working with women's and welfare officers we would like to help make ents around the university safe for Newnhamites, by looking into ideas such as college-subsidised taxi fares

LAURA RUSSELL

- * I'm a PPS fresher and currently a RAG rep for Newnham, so I already have experience organising events within college
- * I'm also involved with CU Amnesty International, and am responsible for organising non-musical events for our annual fundraiser at the Union (Freedom Festival on the 12th March. You should all come!). This means I have a lot of contacts which I would use to organise events in Newnham, as well as for the garden party.
- * I'd be really enthusiastic, willing to take on ideas and would really enjoy bringing more exciting ents to Newnham students!

ZOE WYATT

- Σ I am not your typical mathmo, I am social, blonde and Australian!
- Σ I am organised and have made the most of life at Newnham, by starting a Literature Society, taking part in music concerts with Voices of Newnham and staging my own piano recitals
- Σ I would love to get more involved in Ents, in particular by organising a fantastic garden party using my mathematical logic to provide maximal entertainment per square metre
- Σ I will bring interesting and different events to college, as well as continuing to provide cheap club tickets to the venues we all know and love!
