

Nicolina Turcan for **International Officer**

I am...

- **a first year philosopher**
- **an international student (obviously) who comes from Moldova**
- **enthusiastic, committed, organized**

WHY I WANT THIS ROLE

Let's face it: moving into a completely different country for Uni is a pretty big decision. For me, coming here and just being able to chat with current students and ask them everything: from where the closest supermarket is to how do you pronounce 'Strachey' is the most awesome part of being a fresher. I want to be able to make international students feel that they've found a second home at Newnham and to let them know that they have somebody to talk to who can relate to all their problems and concerns.

WHAT I CAN DO FOR YOU

- More international events: film and documentary nights, literary circles, formals...
- Bar meetings every other week for those of you who sometimes get just a little bit homesick
- For those lovely ladies who want to show off their cooking skills (including myself): cooking classes and traditional food fairs, hopefully in collaboration with some national societies
